

Dear Parents and Carers,

The children have had a fantastic week of learning and we are now approaching the end of our topic on the farm; its lovely to see that they are retaining so much information. We hear their conversations in class as they play with the animals, talking about baby animals such as piglets, foals and mummy pigs. They even had a dinosaur day with Mrs Murray during the week which involved lots of fun activities!

Next Week

We will focus on transportation:

CL (Communication & Language) - Tractor, truck, lorry, carry, load and safety

Gross motor - Dance and movement

Fine motor - Tracing, drawing and threading

Art - Painting and sticking

Snack - raisins & ricecakes, apples, peppers & cucumbers, satsumas, broccoli.

Notices:

Please can we politely remind you to come down the ramp for drop off and collecting children so that the stairs remain clear!

Also please remember to label all of the childrens' clothing items and apply sunscreen, even on cloudy days, before school.

We look forward to seeing you for your Parent Teacher Meeting next week.

Have a great weekend!

Miss Sarah, Miss Tiffany, Miss Fitore and Miss Anila
